GOLD FIELDS CLARIFIES EXPLORATION PARTNERSHIPS IN CHILE

Johannesburg, 27 September 2024: This media release clarifies the information contained in an article in the DF Minería newspaper published on 26 September 2024. Gold Fields Limited (JSE, NYSE: GFI) has an interest in two exploration companies which are prospecting in Chile:

- An approximate 19% shareholding in ASX-listed Tesoro Gold (Tesoro), which owns and manages the El Zorro gold project in the Atacama province. Gold Fields has also agreed to support Tesoro's recently announced capital raise in July 2024, which is subject to the approval of Tesoro's shareholders.
To clarify the above article, Gold Fields has not acquired an interest in the El Zorro gold project and presently has no intention of acquiring an interest in the project.

Details on the El Zorro project can be found at: [El Zorro Project – Tesoro Gold](#)

- A 15.5% shareholding in TSXV-listed Torq Resources, which owns and manages the Santa Cecilia project, also in the Atacama province. In July 2024, Gold Fields signed a non-binding term sheet that will enable Gold Fields to earn up to a 75% interest in the Santa Cecilia project by spending US\$48m on exploration activities over the next seven years.
To clarify the above article, Gold Fields has not acquired the Santa Cecilia project and given the project's technical status, significant exploration and technical studies are required before any position can be reached on a future development of the project or the costs thereof.

Details on the Santa Cecilia project can be found at: [Santa Cecilia | Torq Resources Inc.](#)
