Upliftment of Section 54 order suspending mining operations at the Tharisa Mine

Tharisa hereby advises that the Section 54 order suspending mining operations at the Tharisa Mine has been uplifted by the Department of Mineral Resources (“DMR”) and mining operations have resumed. The Section 54 order was issued by the DMR following the death of an employee of a mining contractor at the tailings storage facility construction site at the Tharisa Mine on Monday, 28 September 2015.

The impact on production of PGM and chrome concentrates was mitigated by the processing of existing crushed run-of-mine stocks ahead of the two processing plants.
