Investor Presentation

Tharisa is pleased to announce that following participation at the BMO *Global Metals and Mining Conference* CEO, Phoevos Pouroulis, will be hosting a live interactive presentation via the Investor Meet Company platform on Wednesday, 10 March 2021 at 15:00 GMT.

In view of the significant increase in demand for the metals required for reducing global emissions, with Platinum Group Metals (“PGMs”, which include platinum, palladium and rhodium metals) playing a key role, the interactive presentation will provide investors with an opportunity to speak to the management of one of the largest producers of PGMs globally.

Attendees are invited to interact with the Company during the presentation. Questions can be submitted during the webcast or participants can pre-submit their questions by emailing them to igraulich@tharisa.com or tharisa@buchanan.uk.com prior to the event. Responses to the Q&A from the live presentation will be published at the earliest opportunity on the Investor Meet Company platform.
